Scene setting

Joanne Anderson

National Clinical Lead: Primary Care Nursing

- Overview of CTAC services
- CTAC models
- What are the common themes/challenges
- What are demo sites currently working on
- CTAC impact on General practice nursing
- Career pathways

Guest Speakers

Ruth Cameron

*Practice Nurse
Marnock Medical Group*

Andrea Davidson

*Lead General Practice Nurse
NHS Forth Valley*

*General Practice Nurse
Antonine Medical Practice*

Kathy Kenmuir

*Professional Nurse Adviser for
Primary Care*

*Primary Care Directorate
Scottish Government*

Samantha O'Ware

*Clinical Team Leader
Community Treatment & Care
CTAC South*

Community Treatment and Care Service (CTAC)

- Where does CTAC come from?
- What is Community Treatment and Care Service?
- What do CTAC models look like nationally and across demonstrator sites?
- What is the impact on the Expert Nursing Generalist?
- What is the impact on our future nursing workforce within primary care and integrated nursing teams?

Image from Scottish Government GMS contract: 2018

CTAC services since 2018

CTAC Services

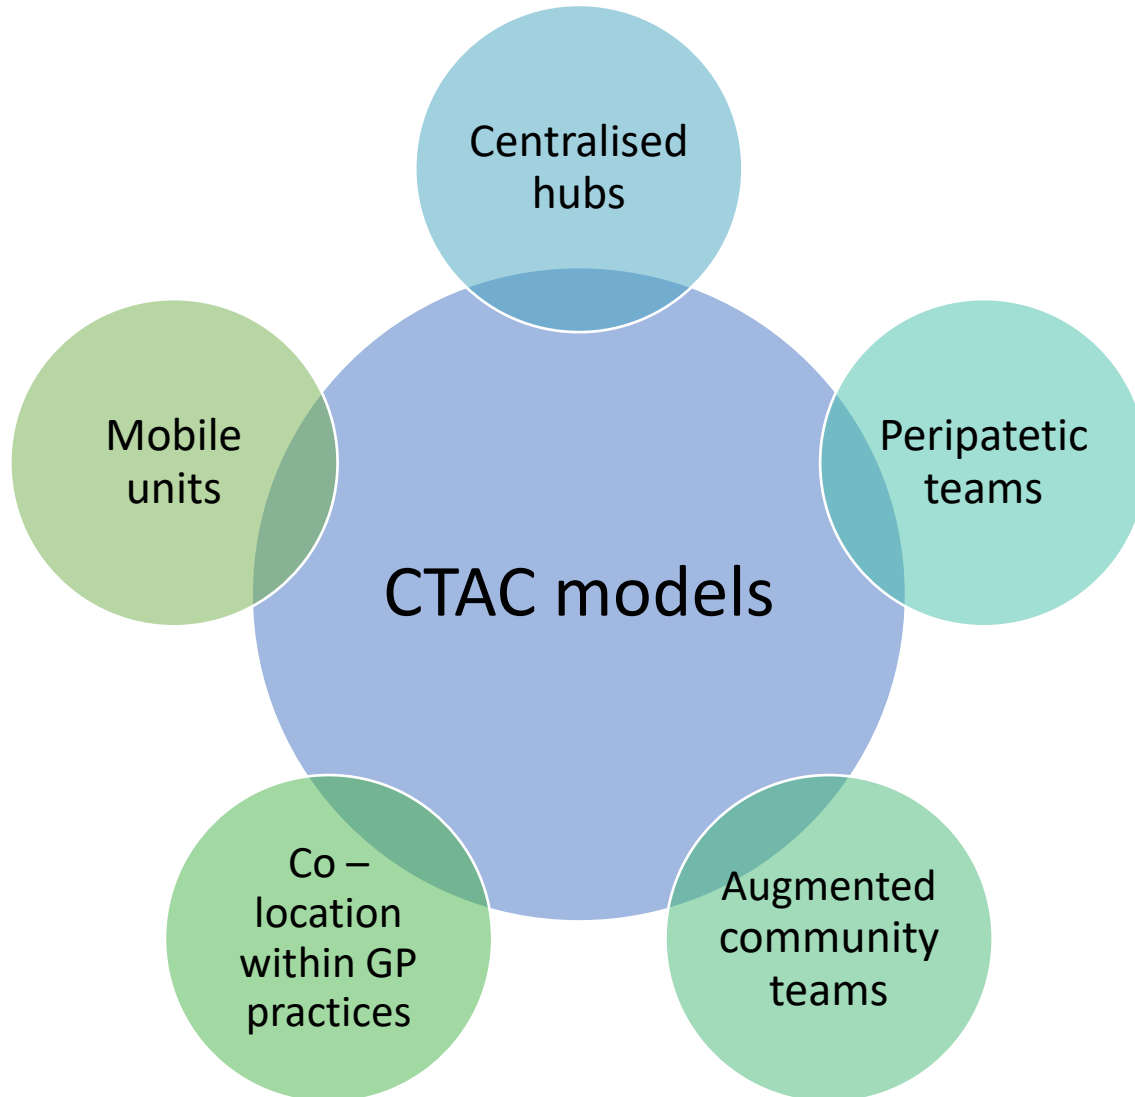

- Management of minor injuries and dressings, phlebotomy, ear syringing, suture removal
- Chronic disease monitoring
- Screening test results
- Monitoring lab results
- Actioning requests from secondary care

Vaccinations

- Provide all vaccinations
- Travel vaccines and travel health advice

CTAC models

The choice of model is crucial for ensuring that CTAC services are accessible, appropriate and effective for the local population.

CTAC – What are the common challenges?

What we know so far:

- premises
- recruitment
- training – impact and processes
- data
- missingness
- paediatrics
- admin burden

Despite the challenges there are lots of examples of good working models.

CTAC – What are the demonstrator sites working on?

Demonstrator site	Approach
NHS Shetland	House of care
Edinburgh City	Enhanced CTAC
NHS Borders	New phlebotomy services
NHS Ayrshire and Arran	Resilience model

CTAC – Impact on General Practice Nursing

Transforming Roles Paper 6: The Role of the General Practice Nurse - 2025

February 2025

 Scottish Government

CTAC — Impact on General Practice Nursing

2017

General practice nurses

- Employed by the practice
- Treatment room services
- Chronic disease monitoring/management
- Vaccinations
- Minor injury, dressings

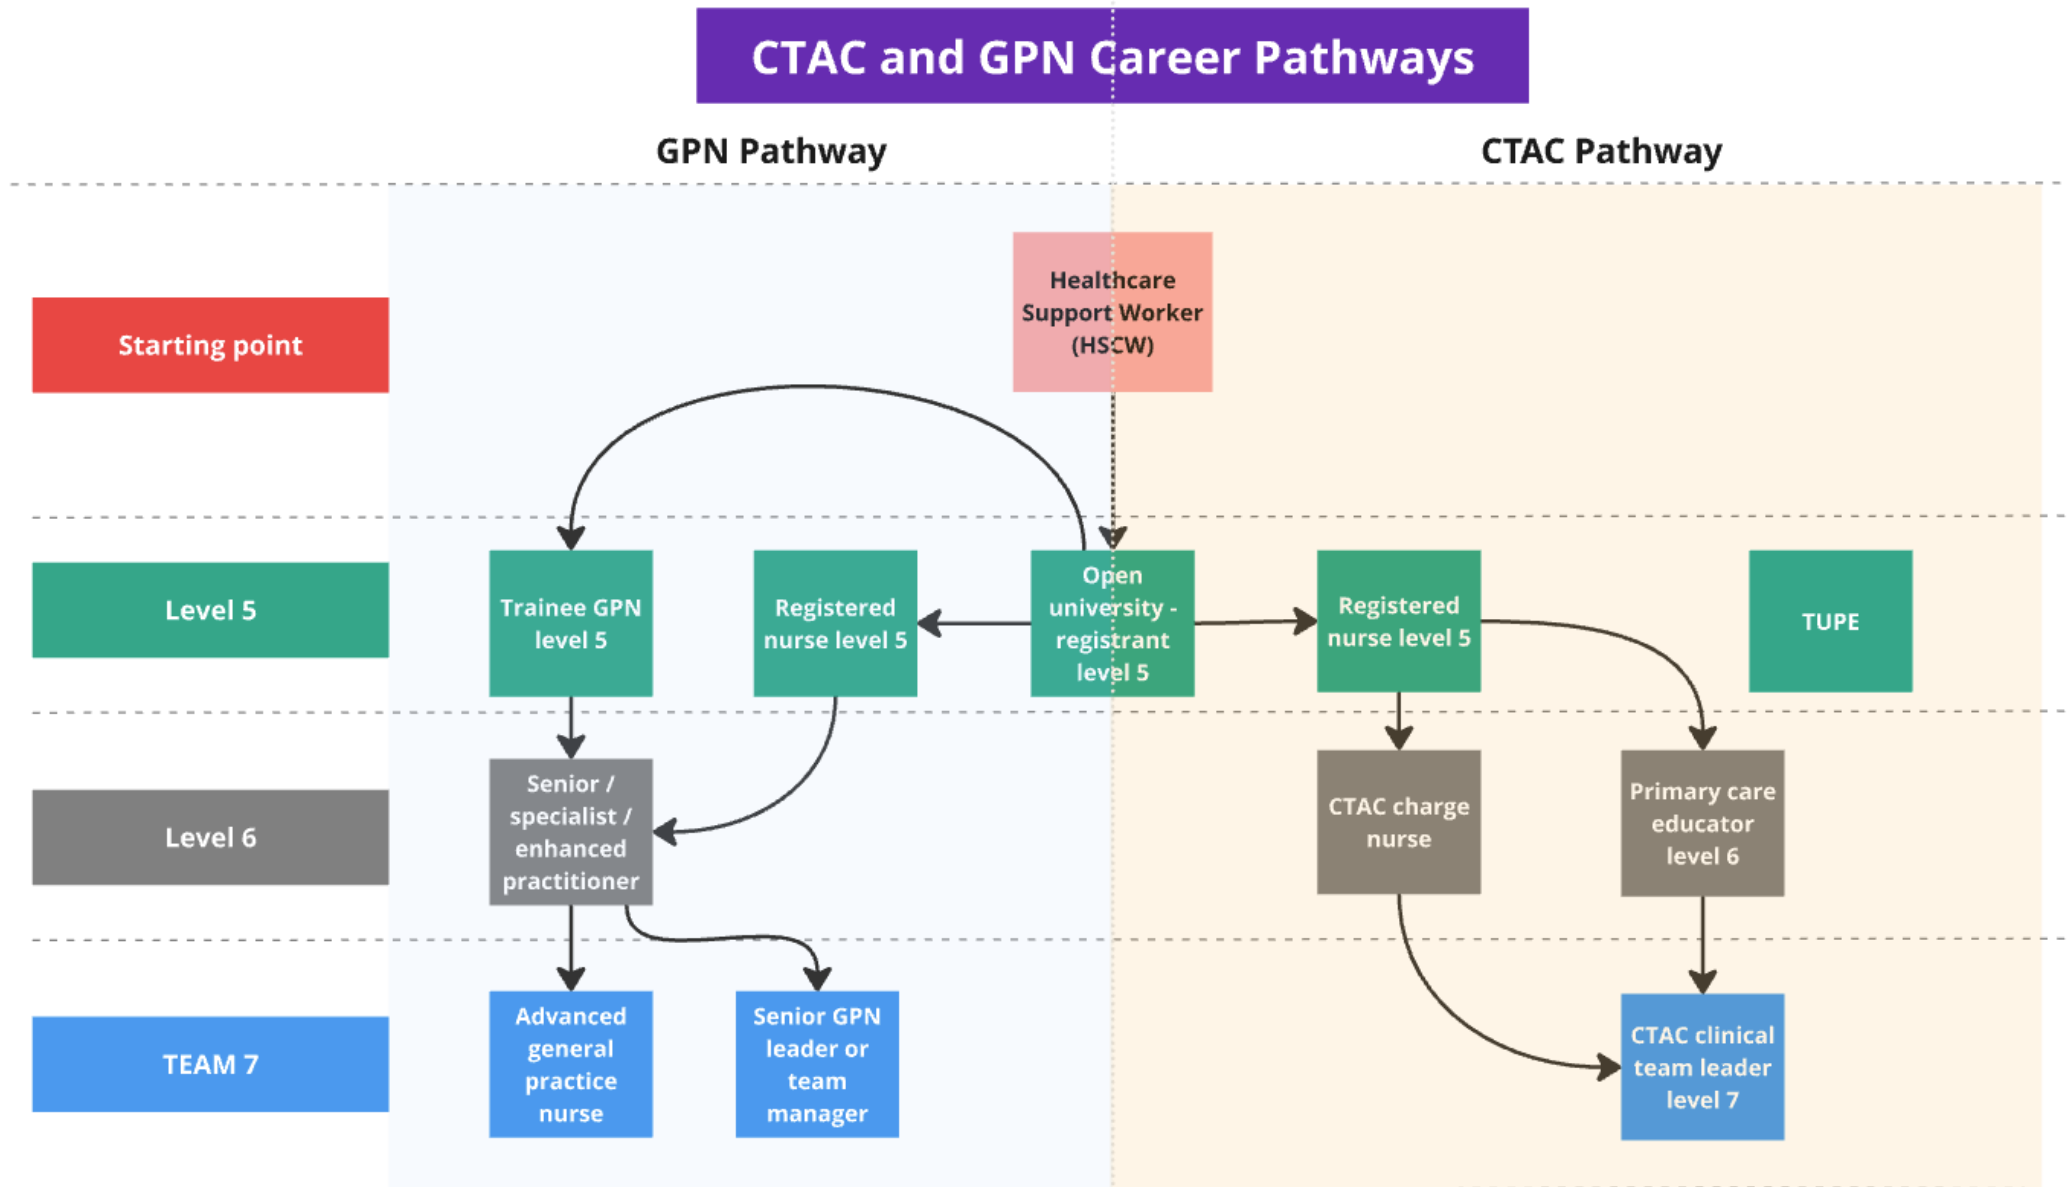

2018 until now

General practice nurses

- Employed by the practice
- Minor illness management
- Chronic disease management
- Supporting GP to deliver care planning
- Monitoring lab results

CTAC and General Practice Nurse Career Pathways

Transforming roles framework

Kathy Kenmuir

Professional Nurse Adviser for Primary Care, Primary Care Directorate Scottish Government

- Why the transforming roles framework was created
- What the transforming roles framework is
- What are the intended outcomes of using the transforming roles framework

Let's discuss!

KATHY KENMUIR

PROFESSIONAL NURSE ADVISER

PRIMARY CARE SCOTTISH GOVERNMENT

Background and Context

Policy paper – research and deep dive

Five-year delivery plan – prioritising what matters

Review and refresh of TR6 – solidify and future-proof the role of the GPN

Our Approach to TR6

1

Profession led –
'doing with and not
to'

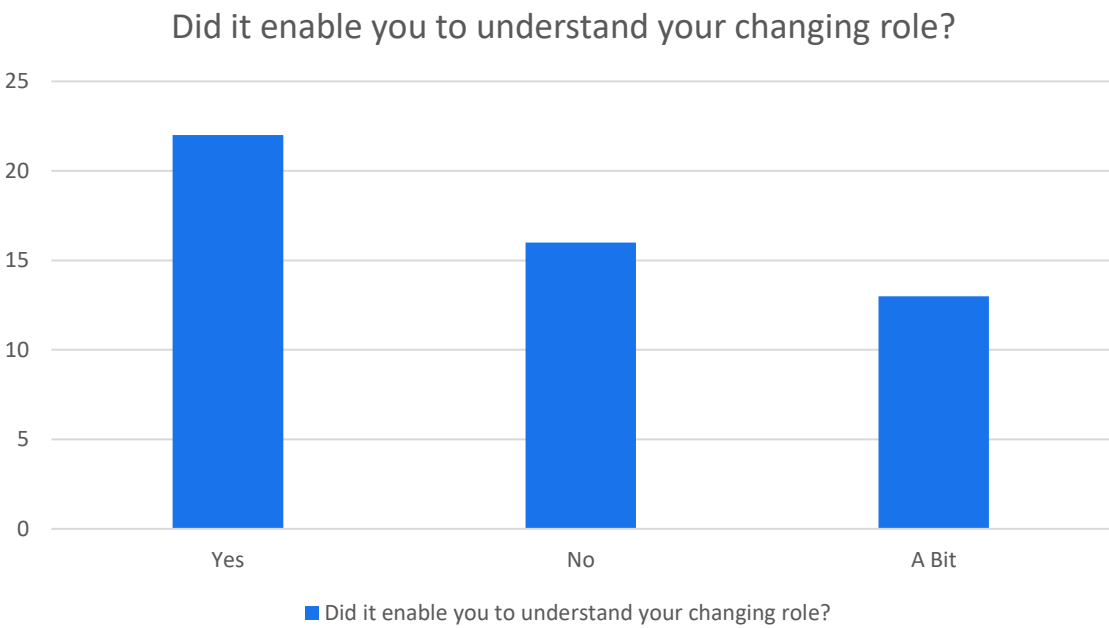

2

Stakeholder
engagement and
scoping – incl. 6
roadshow sessions

3

From that,
considering **why**,
what and **how**.

What GPNs told us about Transforming Roles...

Our Transforming Roles Paper 6 Journey

- SG report on General Practice Nursing: 5-year plan
- Year 1: “review and refresh TR6 as a priority”
- Approach: **Why, what, how?**
- Roadshows – engagement with GPNs
- TR6 Oversight Group
- Publication and launch

What GPNs wanted to see included for the new TR6...

Pay, terms and conditions

Long-term conditions

Career development

Boosting the profile of both the paper and the role of the GPN – incl. GPs and PMs

Summarising the key points of the paper

Clarity on our roles and responsibilities, now they have changed

Consideration for nurses working in remote/rural areas

Improving population health and patient outcomes

Involving employers in the development of the paper

Why do we need GPNs?

Governance and Sign-off

NES Transforming Roles Steering Group – Agreement on the value piece and granted activity to refresh and this group validated TR paper 6

Output

Agreement nursing in the general practice setting paper needed refreshed, value profession brings was clear

What do we need GPNs to do?

Oversight

Transforming Roles Paper 6 Oversight Group – Agreement on the role of the nurse in general practice

• Output

Clarity of role, contemporary and ensuring alignment with other community nursing roles

How will GPNs deliver on their role?

Oversight

Transforming Roles Oversight Sub-Group – Professional nursing (led by NES GPN with NHS GPN Board leads) described and gave clarity

Output

Clarity of what the role is, levels of working, associated competencies, aligned education, across 4 pillars

Agreement – GPN role

Highly adaptable **clinical leaders**, change agents and champions of **quality improvement**

Experienced in **proactive health engagement**, **health promotion** and **health management**

Providers of **comprehensive and personalised care** to individuals across their **lifespan**

Experienced in **long-term condition management** and **women's health**

TR 06 2025

PUBLICATION RELEASED IN
FEBRUARY 2025

Why do we need GPNs?

Governance and Sign-off

NES Transforming Roles Steering Group – Agreement on the value piece and granted activity to refresh and this group validated TR paper 6

Output

Sign off by TR Steering Group

What do we need GPNs to do?

Oversight

Sign off by TR Oversight Group and delivered to TR Steering Group for final authorisation

Output

Documents published on Scottish Government and NES TURAS GPN sites

Implementation and Next Steps

- **GPN webinars** – February and March 2025
- **GPN Learning Needs Analysis** to inform NES activity for GPNs for 2025
- **TR6 Implementation Group** to convene in end-May – led by NES
- **Planned work with Practice Managers and GPs** – core stakeholders incl. PM Network and RCGP Scotland
- **GPN Leads group** continues to meet every other month with SG.

Where are we now....nurses tell us

We want to focus on people and their outcomes

Now we have fragmented care

Feels transactional or industrial

We do great work and we need to be valued

What is in our gift?

- Focus on person centred and person led care
- What does this mean
- How do we make sure peoples care is seamless

Your actions

- Putting the person at the centre – what does that mean in service reality?
- What is in your circle of influence?
- What can you do?
- And ... How can you do it?

Sofa Session

Sofa Session panel speakers
