

Citizens' Panel for health and social care

This infographic summarises the key findings from the eleventh survey. We asked questions about:

- **The Tobacco Action Plan** - a refreshed plan to be published in Autumn 2023 which will support a Tobacco-Free Scotland
- **Vaccination Motivations** - to understand motivations behind continued uptake of COVID-19 vaccination
- **Digital health and social care** - to understand how people feel about the use of digital tools in health and social care

In total **667** panel members responded to the survey by post, email or telephone, which represents a **66%** response rate.

Selling and purchasing

Support to quit smoking

More people could be helped to quit by advice and support to quit being provided every contact they have with health services, including through GPs, hospitals, dentists etc.

Raising awareness and support to quit smoking should be available in non-health settings such as libraries

Technology, for example smart phone apps, should be used more to provide information and support for quitting

- Agree/ agree strongly 79%
- Neither Agree nor Disagree 13%
- Disagree/ disagree strongly 7%
- Don't know 2%

- Agree/ agree strongly 86%
